## MICHIGAN STATE OFFICERS INDICTED.

Charged by the Grand Jury With Bribery, Soliciting Bribes and Embezzlement.

## APPOINTEES OF THE GOVERNOR.

Investigation Covered State and Legislative Departments Only—Work May Be Continued in Near Future.

Lansing, Mich., Jan. 6.—The Ingham County Grand Jury, which created a series of sensational by bringing bills of indictment charging several State officers with bribery, soliciting bribes and embezzlement, the term of office of Circuit Judge Person, who summoned the jury, having expired.

In their final report to the court the jury said:  
"Our entire session has been devoted to investigation of State and legislative departments. Certain offenses against the laws have been discovered and indictments found. Other misdemeanors partially examined into have not been fully investigated for the reason that to have done so would have required the abandonment of the cases in hand."  
Judge West, successor to Judge Person, in discharging the Grand Jury, said:  
"I am convinced that much good would result if you might continue in session longer," but at the next term of this court would have required the abandonment of the cases in hand."

As indicating that further investigations will be made by a new Grand Jury, Judge West said:  
"A high duty devolves upon me. To the best of my ability I shall meet it. With the matter of State and legislative departments and the State I have decided to do. It has not been entertained by this court and will not be for a moment."

The following are the persons who have been indicted and the offenses alleged:  
William A. French, State Land Commissioner, offering bribes; Charles H. Pratt, chief clerk for a lobbyist concern, offering bribes.  
Representative B. Judson Hammond of Pontiac, soliciting bribes.  
Fred A. Maynard, ex-Attorney General, misdemeanor in retainer part of his chief clerk's salary.  
Will L. White, State Quartermaster General.  
Colonel Harold A. Smith, Assistant Quartermaster.

Arthur F. Marsh, Adjutant General and chief clerk for a lobbyist concern, offering bribes.  
Representative B. Judson Hammond of Pontiac, soliciting bribes.  
Fred A. Maynard, ex-Attorney General, misdemeanor in retainer part of his chief clerk's salary.  
Will L. White, State Quartermaster General.  
Colonel Harold A. Smith, Assistant Quartermaster.

One or more persons besides Sutton were indicted today, but their names are not positively known as yet. These will be arraigned on Monday. All the others appeared for arraignment excepting General White, who has departed.  
All the military men indicted were appointed by the Governor, but it is regarded as settled that the Governor has no knowledge of the alleged frauds.

## ALL THE AMERICAN PRISONERS SAVED.

Admiral Watson's Report on the Work of Colonels Hare and Howze.

## MAY INCLUDE ROCKEFELLER.

Authorities at Washington Now Believe That More Americans Were Rescued Than First Reports Indicated.

Washington, Jan. 6.—Official confirmation has come from both General Otis and Admiral Watson of the first reports from Manila of the release of the American prisoners who have been held in the hands of the Filipinos for many months, and there is no longer any doubt that Lieutenant Williams of the Yorktown is among the number. General Otis's dispatch reads as follows:

"Manila, Jan. 6.—The prisoners now en route from Vigan arrive tonight, and list of them will be telegraphed tomorrow. Captain Gilmore is among the number."  
"OTIS."  
Admiral Watson's dispatch is as follows:  
"Manila, Jan. 6.—Colonels Hare and Howze have recovered all of the American prisoners, including Gilmore, now at Vigan."

The sweeping statements made in the dispatches to the effect that all of the American prisoners have been released, have aroused a hope that in the list will appear the names of some of the officers and privates of the army who are set down on the rolls as missing. Prominent among the missing army officers was Major Charles A. Rock, father of the Ninth Infantry. This officer advanced beyond the lines during the fierce fighting early last spring. He disappeared completely, and no trace of his body was ever found.

It is gathered from General Otis's report that the released men were taken out by boat across Lingayen Gulf to Baguio, and the northern extremity of the island, and about a day's journey from Manila.

THE VICTORIA AT MANILA.  
Manila, Jan. 6.—The British steamer Victoria, Captain Blakely, arrived here today from Hongkong.  
The Victoria left San Francisco October 17 for Honolulu and Manila. She was spoken on November 9 in latitude 19 north, longitude 129 east, proceeding under sail, having broken her shaft. She was towed from Guam to Manila by the cutter Britton.

REPUBLICAN SPECIAL.  
Washington, Jan. 6.—For the purpose of preventing the spread of the influenza epidemic in the Philippine Islands, President McKinley has issued a proclamation placing the sanitary administration of the islands under the control of the Marine Hospital Service. This proclamation has been incorporated by Secretary Root in an order which will be forwarded at once to General Otis, with instructions to place it in immediate operation.

Assistant Physician Named.  
Terrell, Tex., Jan. 6.—The Board of Managers of the North Texas Insane Asylum appointed George F. Powell assistant physician.

## GERMAN SHRAPNEL NOT FOR ENGLAND.

Berlin Government to Prohibit the Krupps From Exporting Shells.

## SHARP INTERNATIONAL CRISIS.

British Foreign Office Active—Choate Standing Firm—America Will Not Join Germany in Joint Representations.

Durham, Jan. 6.—The German steamer Herwig has been seized by a British warship and brought to this port.  
The German cruiser Commodore arrived at Durban, Natal, and started Friday for Lorenzo Marques.

SHRAPNEL NOT FOR ENGLAND.  
Berlin, Jan. 6.—The correspondent of the Associated Press had an interview tonight with a high official who said that the international questions involved in the seizure of German vessels by British naval commanders are so complicated and so difficult that an agreement between England and Germany will necessarily be slow.

"At any rate," he continued, "we must first await the sentence of the prize court before we object thereto."  
The Associated Press correspondent learns reliably tonight that the German Government will forbid the export to the Krupps of steel shrapnel shells for England.

FOREIGN OFFICE ACTIVITY.  
London, Jan. 6.—Lord Salisbury came to London from Hatfield House at noon today, somewhat contrary to his custom, and proceeded direct to the Foreign Office, where he spent the greater part of the afternoon.

Not only Lord Salisbury, but the entire department manifested extraordinary signs of activity. The Attorney General, Sir Richard Webster, was summoned from the country and the Solicitor General, Sir R. B. Phillimore, was also in attendance. The Portuguese Minister, Senhor de Sequeira, called at the Foreign Office during the afternoon.

When no announcement was made as to the subject of the meeting, it was understood the subjects under consideration were international law points and the stoppage of German steamers on their way to Belgium, Italy and the supplies of American provisions to the Boers.

BRITAIN WANTS HELP.  
Berlin, Saturday, Jan. 6.—A dispatch, 1900, by James Gordon Bennett, in dispatches divides it is expected that if England declines to capture ships, other Powers, notably the United States, will take action similar to Germany's, as it is not to be expected that they can possibly consent to a continuation of this sort of thing.

## PORTUGAL'S REPLY.

Lisbon, Jan. 6.—A semi-official note to the press regarding the Anglo-German agreement has just been issued. It is as follows:

"The British and German Governments, having previously reached an agreement between themselves, informed Portugal that in the event of her contracting a large loan for the purpose of reorganizing her finances, the two Governments were disposed to guarantee the success of the operation. At the same time, the Governments of Great Britain and Germany assured Portugal that the basis of the agreement between them was the recognition of the integrity of the Portuguese colonial dominions, and the legitimacy of Portuguese sovereignty over the Portuguese possessions. They further suggested that in the event of Portugal accepting a proposal concerning a loan, the latter should be guaranteed by the colonial and customs receipts. The Portuguese Government then declared that it had no need of such a loan, and, according to our information, has no such need to the present day."

## RUSSIA'S NOTE TO THE POWERS.

Berlin, Jan. 6.—The Cologne Zeitung's correspondent telegraphs his paper that the Russian Government recently addressed a communication to the various cabinets regarding the strictness of the British censorship of telegrams and from the South African Republic, which is seriously injured by Venetian trade and the official world of Europe.

The communication, according to the correspondent, asks whether the detection or reflection of private and official telegrams is in accordance with the stipulations of the telegraph conventions arranged at St. Petersburg in 1858, and at Baden-Pfeud in 1866.

## TOO LATE FOR CLASSIFICATION.

## Honest Criticisms offer new ways of using Grape-Nuts.

"The cook places three heaping teaspoons of Grape-Nuts in a sauce for each child, and pours over the food some hot milk or water, and allows it to stand ten minutes; then serve with rich cream and sugar."  
"I have served the Grape-Nuts food in this way at my table to numerous friends, some of whom do not care for it. They are enthusiastic about it served hot, and it is so great a favorite with us that I have been tempted to write, suggesting that you add the above recipe to your package." F. W. Lippert, Minneapolis, Minn. (Mr. Lippert is superintendent of the famous Housekeeper Magazine.)  
There are many ways of serving Grape-Nuts and making from them tempting and delicious dishes. The variety of tastes can be suited, and under all circumstances it can be remembered that the food is first perfectly and completely cooked at the factory, and gives the highest form of nourishment to the human body, for it is directly used by the system to rebuild the brain and nerve centers.  
Ten days' trial by any thoughtful person will prove the assertion.

## DEATHS.
